AGM Minutes 2023

SOLDIERS BEACH SURF CLUB

Minutes ANNUAL GENERAL MEETING July 2nd 2023

Attendees: Darcy Waller, Simon Falconer, Annie Vandertouw, Gail Rixom, Jennifer Falconer, Pete Woodhouse, Jennifer Downing, Jackson Blackshaw, Tony Axford, Matt Keys, Ben Blackshaw, Mick Crowe, Emma Griffiths, Lachlan Coppen, Glen Coppen, Brent Farnworth, Liam Potter (Bishop Collins Audit), Matthew Griffith, Shana Doughney, Kell Maxwell, Matt White, Simon Blakely, Shawn Ford.

Meeting declared open at 10.04am by Simon Falconer as President.

Welcome

All welcomed to 2023 SBSC AGM, all reminded to sign the attendance book.

Annie Vandertouw was asked to take minutes.

Acknowledgement of Country: Simon Falconer

Meeting order as per agenda:

Item 1: Receive written apologies

Coral Raymond, Jacqui Goddier

Item 2: Adoption of 2022 AGM minutes

MOTION: *To adopt previous minutes.*

Moved by: Shana Doughney

Second: Mick Crowe

All in favour, CARRIED.

Item 3: Business arising from minutes:

Point of order raised and discussion on Self Nomination. As advised by Ian Fullagar, General Counsel, SLS in email dated 6 June 2023: candidates cannot self-nominate as per clause 29.1 of the Constitution.

Item 4: Proposed Life Members if any:

No life membership applications at this stage.

AGM Minutes 2023

Item 5: Receive Annual Report:

The President presented the report. Annual Report was available on the website to download from 14 June 2023.

MOTION: *To accept the annual report.*

Moved by: Brent Farnworth

Second by: Shana Doughney

All in favour, CARRIED.

Item 6: Annual Financial Statement Report:

Liam Potter delivered audited financial report.

MOTION: *To adopt the financial report.*

Moved by: Tony Axford

Second: Gail Rixom

All in favour, CARRIED.

Item 7: Adopt a Returning Officer

MOTION: *To adopt Mick Crowe as returning officer.*

Moved by: Simon Falconer

Second by: Tony Axford

All in favour, CARRIED.

Item 8: Declare all positions vacant

Mick Crowe gave his congratulations to the outgoing committee for their efforts over the last season.

Item 9: Election of Officers for 2023-2024 season

Written Nominations: Annexure 'A'

President – 1 x written nomination

1. Simon Falconer nominated by Shana Doughney, second by Jennifer Falconer and accepted.

Simon Falconer was announced in the position of President.

Vice President – 1 x written nomination

1. Matt Keys nominated by Shana Doughney, second by Simon Falconer and accepted.

Matt Keys was announced in the position of Vice President.

Director of Administration – 1 x written nomination

1. Anthea Vandertouw nominated by Darcy Waller, second by Tony Axford and accepted.

Anthea Vandertouw was announced in the position of Director of Administration.

AGM Minutes 2023

Director of Finance

Written nominations not received, a call for nominations from the floor.

1. Tony Axford nominated by Brent Farnworth, second by Matt Keys and accepted.

All in favour, Carried.

Tony Axford was announced in the position of Director of Finance.

Point of Order:

Tony expressed that due to other constraints he would accept position on an interim basis only and may not be able to attend all meetings.

Director of Life Saving – 1 x written nomination

1. Shana Doughney nominated by Simon Falconer, second by Simon Blakely and accepted.

Shana Doughney was announced in the position of Director of Life Saving.

Assistant Director of Life Saving – 1 x written nomination

1. Matt Griffiths nominated by Simon Falconer, second by Tony Axford and accepted.

Matt Griffiths was announced in the position of Assistant Director of Life Saving.

Director of Education – 1 x written nomination

1. Emma Griffiths nominated by Darcy Waller, second by Tony Axford and accepted.

Emma Griffiths was announced in the position of Director of Education.

Director of Surf Sports – 1 x written nomination

1. Rachel Sloane nominated by Simon Falconer, second by Darcy Waller and accepted.

Rachel Sloane was announced in the position of Director of Surf Sports.

Director of Youth Development – 1 x written nomination

1. Matt White nominated by Matt Keys, second by Simon Falconer and accepted.

Matt White was announced in the position of Director of Youth Development.

Director of Sponsorship & Marketing

Written nominations not received, a call for nominations from the floor.

1. Matt Keys nominated by Simon Falconer second by Darcy Waller and accepted.

All in favour, Carried.

Matt Keys was announced in the position of Director of Sponsorship & Marketing.

AGM Minutes 2023

Assistant Director of Administration

Written nominations not received, a call for nominations from the floor.

1. Tony Axford nominated by Brent Farnworth, second by Matt Keys and accepted.

All in favour, Carried.

Tony Axford was announced in the position of Assistant Director of Administration.

Assistant Director of Finance

Written nominations not received, a call for nominations from the floor.

1. Gail Rixom nominated by Simon Falconer, second by Jennifer Falconer and accepted.

All in favour, Carried.

Gail Rixom was announced in the position of Assistant Director of Finance.

Assistant Director of Youth Activities

Written nominations not received, a call for nominations from the floor.

Position held over.

Assistant Director of Surf Sports

Written nominations not received, a call for nominations from the floor.

1. Jackson Blackshaw nominated by Lachlan Coppen.

Jackson Blackshaw declined the position.

IRB Captain – 1 x written nomination

1. Shawn Ford nominated by Matt White, second by Simon Falconer and accepted.

Shawn Ford was announced in the position of IRB Captain.

Boat Captain – 1 x written nomination

1. Glen Coppen nominated by Victoria Coppen, second by Alexandra Coppen and accepted.

Glen Coppen was announced in the position of Boat Captain.

Board & Ski Captain – 1 x written nomination

1. Simon Blakely nominated by Simon Falconer, second by Darcy Waller and accepted.

Simon Blakely was announced in the position of Board & Ski Captain.

OHS Officer – 1 x written nomination

1. Darcy Waller nominated by Gail Rixom, second by Tony Axford and accepted.

Darcy Waller was announced in the position of OHS Officer.

AGM Minutes 2023

Building Manager

Written nominations not received, a call for nominations from the floor.

1. Kellie Maxwell nominated by Brent Farnworth, second by Tony Axford and accepted.

All in favour, Carried.

Kellie Maxwell was announced in the position of Building Manager.

Junior Club Captain – 1 x written nomination

1. Victoria Coppen nominated by Glen Coppen, second by Aleandra Coppen and accepted.

Victoria Coppen was announced in the position of Junior Club Captain.

Rookie Coordinator

Written nominations not received, a call for nominations from the floor.

1. Jackson Blackshaw nominated by Lachlan Coppen, second by Shana Doughney and accepted.

All in favour, Carried.

Jackson Blackshaw was announced in the position of Rookie Coordinator.

Publicity Officer

Written nominations not received, a call for nominations from the floor.

Position held over.

Radio Officer

Written nominations not received, a call for nominations from the floor.

Position held over.

First Aid Officer

Written nominations not received, a call for nominations from the floor

1. Lara McIntyre nominated by Glen Coppen, second by Simon Falconer.

All in favour, Carried.

Committee to contact Lara to ask if she will accept the position.

Gym Manager

Written nominations not received, a call for nominations from the floor.

Position held over.

Gear Steward

Written nominations not received, a call for nominations from the floor.

Position held over.

AGM Minutes 2023

Social Secretary

Written nominations not received, a call for nominations from the floor.

Position held over.

Member Services Officer

Written nominations not received, a call for nominations from the floor.

1. Gail Rixom nominated by Simonn Falconer, second by Tony Axford and accepted.

All in favour, Carried.

Gail Rixom was announced in the position of Member Services Officer.

Registrar – 1 x written nomination

1. Coral Raymond nominated by Shana Doughney, second by Emma Griffiths and accepted.

Coral Raymond was announced in the position of Registrar.

Appointment of Positions: Annexure 'B'

The following members were appointed to positions as follows:

Member Protection Information Officers (MPIO):

Lara McIntyre
Alex Coppen

Child Protection Officer:

Jennifer Falconer
(once her qualification has been gained she will be appointed to the position).

Complaints Handler

Tony Axford

Mick Crowe invited Simon Falconer to take his seat as Incoming President.

Item 10: Endorse Affiliation with SLSCC, SLSNSW & SLSA

MOTION: *To endorse affiliation with SLSCC, SLSNSW & SLSA.*

Moved by: Darcy Waller

Second by: Shana Doughney

All in favour, CARRIED.

Item 11: Urgent General Business

Matt Keys was approached by National Surfing Reserve Committee and asked if we would like to have someone from the Club on their committee.

- Mick Crowe suggested it be someone from committee.
- Matt Keys is happy to do it. Would bring information back to our committee.
- If this committee becomes political, all agreed we would have to withdraw from this committee.

AGM Minutes 2023

MOTION: *That Soldiers Beach Surf Club has a representative on the National Surfing Reserve Committee. Representative will be Matt Keys.*

Moved by: Matt Keys

Second by: Annie Vandertouw

All in favour, CARRIED.

Meeting closed: 10.42am

Patrolling Members

President

The 2023/24 season saw our little club grow and become more active out in the community. Membership this season saw a massive 23% increase on the previous season, and our community involvement was a contributing factor in this.

Some of our community work involved installing recycling cages, working with community groups to maintain vegetation around the club, a stall at Toukley Lions Markets, Bunnings BBQ, ANZAC day march, Burns Support Foundation Day, working with Clontarf Foundation, installation of a community AED, providing seating and tents to Merchant mariners and local church group to hold services, we also arranged and delivered equipment to less fortunate clubs in the Lower North Coast Branch (boards, trailer, skis, rashies, rescue boards) thanks to Bronte and South Maroubra for your donations.

Our patrolling members did a fantastic job this season lead by both our Directors of Lifesaving, Shana Doughney and Matthew Griffiths. With the loss of some members to nearby clubs, our team was still able to maintain a workable roster and deliver over 5500hrs of volunteer patrols, perform 36 rescues, conduct over 2300 preventative actions and see to over 150 first aid cases.

Our Education team lead by CTO Emma Griffiths had another busy year delivering courses and making connections with nearby clubs. This season seen the club gain over 300 awards, which will help bolster our patrols in the future. Under Emma's training program we seen several members succeed in Local, State and

Aussie competitions. With courses already being planned for next season, I am excited and look forward to the results.

Our nipper program grew this season with over 190 youth and kids. JAC Matt White, continued with his program, which was such a success the previous year. The growth that we have seen this season from the kids was fantastic. Thanks to Simon Blakely for taking care of board training and Brad Halicek for swim training. The improvements that has been noticed in all nippers is fantastic. Thanks to all Matt's helpers on Sundays, Age managers, Water safety, admin staff, parents and kids, without you the nipper program would not be as successful without your help each week.

President

Our Surf Sports team this season has had many great results with some competitors competing in their first carnival. The competition season started with the Foster carnival in October and finished with 4 youth members representing Soldiers Beach and NSW at Aussies. It is great to see our club colours out at all carnivals, from nippers to opens to masters and boats, well done to our competitors. This season also seen us host the Branch Lifesaving Championships with the largest amount of competitors in Branch history, with great success.

The club this season has seen a significant increase in new equipment thanks to the wonderful work done by our Vice President and Sponsorship and Marketing man Matt Keys. His tireless efforts in seeking new sponsors and sourcing government grants has been noticed with the addition of New Patrol Trailer, Junior Board Trailer, New IRB and new rescue and first aid equipment. I would like to thank our sponsors this season: Lions Club Toukley, HS Express, Wiseberry Heritage, Mortgage Choice Charmhaven, Dunes by Dish, The Kraken Kiosk, Halekulani Bowling Club, Wyong Leagues Club Group, LJ Hooker Budgewoi/Toukley, Bulls pick up and Removals, Wallarah Point Care Community, New Leaf Projects, Link Legal and Conveyancing.

The club has now secured its financial stability thanks again to the Director of Finance Tony Axford. His business management skills and eye to financial detail has brought us back to where we stand today. The club now has a future budget forecast and goals to meet over the next 5yrs.

This season has seen many upgrades happen in and around the surf club. Thanks to government grants we were able to freshen up

the interior of the club with some new paint. Our relationship with Central Coast Council has improved and constant communication and negotiations has lead to approximately \$500k worth of major internal works being completed in July. New lift, new flooring in kitchen and bar areas, fresh external paint, new ceiling on verandahs and some extras. The off season will also see the building of a new vehicle ramp and northern stairs ready for the 2024/25 season. We have also been working with Emma McBride MP and David Harris MP to improve facilities and the mobile reception around the club.

To the entire committee, for the hours spent on the beach, in the office or at home making all this happen, you guys have made this season a huge success. Be proud of what we have achieved this season together.

Finally a big thank you to the entire membership for your support in making this season successful. I am looking forward to seeing all your faces return and making next season bigger and better than this one.

TEAMWORK MAKES THE DREAMWORK!

SIMON FALCONER
PRESIDENT

Vice President & Director of Sponsorship/Marketing

SBSLSC continues to thrive due to the ongoing support from a diverse array of sponsors. Through strategic multi-year sponsorship packages, the club has maintained meaningful relationships with various businesses and community organisations, contributing significantly to its operational capabilities and community initiatives.

CURRENT SPONSORS

Wiseberry Heritage, HS Express, Mortgage

Choice Charmhaven, LJ Hooker Budgewoi, and

Bulls Pick Up & Removals: These longstanding

sponsors have provided continuous support,

enabling SBSLSC to fulfill its mission. Notably,

recent additions in season 2023/24 include **Link,**

Legal & Conveyancing, and New Leaf Projects,

owned by Summer and Jake Sonter, who have

also taken active roles within the club. Summer's

dedication as the Manager for under 7's and Jake's

pursuit of obtaining his SRC demonstrate their

commitment to the club's ethos.

Wyong League Football Club: Their generous

funding facilitated the acquisition of a custom-built

trailer in December 2023, streamlining patrol setup

and enhancing safety measures with essential

equipment storage. The process of transporting

everything in one trailer versus multiple trips

makes establishing patrols much more efficient

and reduces that chance of damaging equipment.

We have also been able to improve our OH&S

practices associated with manually carrying heavy

patrol equipment to and from vehicles.

Halekulani Bowling Club (Mounties Group):

SBSLSC has benefited significantly from

the support of the Halekulani Bowling Club,

particularly in the procurement of an additional

Achilles IRB delivered in April 2024. Due to the

important role IRB's play in surf lifesaving, we

are required to have multiple boats ensuring

operational readiness at any time. Additionally,

their ongoing assistance, including a pending

three-year funding application, underscores their

commitment to the club's future endeavours.

Toukley Lions Club: Their continued financial

backing, exemplified by a \$3,000 donation in

September 2023, enabled the purchase of much-

needed nipper caps for ages 6-14. Their pledge of

ongoing support for the upcoming season reaffirms

their dedication to SBSLSC's initiatives. The new

nipper caps looked fantastic this season! They also

served as a crucial protective gear, ensuring the

safety of our nippers as they navigate the waters.

Dunes Restaurant and The Kraken Kiosk: Both

establishments have been steadfast supporters,

providing catering for club events and fundraisers.

Dunes' member discounts and generous donations

of dinner vouchers for youth members have

fostered a sense of community within the club.

Similarly, The Kraken Kiosk's provision of discounts,

donated shirts for nipper awards, and marketing

assistance have been invaluable to SBSLSC's

operations.

Vice President & Director of Sponsorship/Marketing

We are thrilled to announce that **Bishop Collins** has become a valued sponsor of Soldiers Beach Surf Club, generously providing in-kind services worth up to \$2,000.00. This partnership reflects Bishop Collins' commitment to supporting our local community and fostering a safe and enjoyable environment at Soldiers Beach.

Bendigo Community Bank Wyong:

We were fortunate to receive a donation of a new defibrillator package worth \$3,000.00 in late September 2023 through Michael Hughes Foundation and Yellow Wiggle Greg Page's Heart of the Nation charitable foundations, who have a mission to get as many AED Defibrillators out into the community to save people's lives in the event of Cardiac Arrest.

COMMUNITY ENGAGEMENT

In addition to sponsorships, SBSLSC has successfully organized fundraising BBQ events at Bunnings, garnering substantial support from youth members, including nippers and SRC participants. These initiatives not only bolster the club's financial resources but also cultivate a sense of ownership and involvement among its members.

I am sincerely grateful to our current sponsors for their generous support, which plays a crucial role in enabling SBSLSC to fulfill its mission of serving our community and ensuring the safety of all beach-goers. It is truly heartening to witness organizations actively supporting their

local communities and contributing to significant causes. The invaluable assistance provided by sponsors like yours underscores the vital role of grants and donations in sustaining the operations of SBSLSC and other community organizations, allowing us to continue providing essential services to those in need.

GRANTS REPORT

SBSLSC has demonstrated proactive engagement in securing grants, achieving a commendable success rate in various endeavours.

Community Building Partnership Grant

In April 2023, SBSLSC received a \$20,000 grant, enabling the acquisition of a new patrol vehicle. The purchase of a SSV Defender, totalling \$15,819.53, was made possible, with the remaining funds allocated towards outfitting the vehicle with essential accessories and racks for optimal patrol readiness.

Vice President & Director of Sponsorship/Marketing

Club Grant from Wyong Leagues Group

A \$19,000 Club Grant was secured, facilitating the acquisition of a custom-built patrol trailer, which has been instrumental in beach patrols since December 2023.

Local Small Commitments Allocation

In November 2023, SBSLSC received \$20,000, utilized for repainting the interior of the clubhouse. This initiative aimed to enhance the functionality and aesthetic appeal of Soldiers Beach Surf Life Saving Club. Huge thanks goes out to David Harris MP for Wyong and NSW Government for their ongoing support of Soldiers Beach Surf Club.

This project was proudly funded by the NSW Government.

BSEF Grant 2023/24

The Australian Government, through the Beach Safety Equipment Fund (BSEF), have provided funding to purchase vital safety equipment since 2013. SBSLSC received \$10,000.00 and this funding allowed us to purchase vital first aid and

rescue equipment as specified in the SLSA Gear and Equipment List 2023-24.

Volunteer Grants 2022/23

Received \$2,000.00 funding to purchase a new laptop and printer in June 2023

NSW Surf Club Facilities Grant for Tesla Powerwall Installation

An application has been submitted to install a Tesla Powerwall, a cutting-edge AC battery system designed for residential or light commercial use. The decision to integrate this system with the club's solar power infrastructure reflects a commitment to long-term financial sustainability and environmental responsibility.

Central Coast Council Community Support Grant Application

In March 2024, an application was submitted for \$5,000 worth of medical equipment, including a new AED, AED Trainer, and Oxy Viva Kit, further enhancing the club's ability to provide critical emergency services.

As Vice President, I take pride in the accomplishments of our club this year and commend our responsiveness to the needs of the local community. I am committed to fostering collaboration among all stakeholders, aligning our efforts towards shared objectives, and reinforcing the diligent work of the committee. Together, we continue to strive for excellence in serving our community.

MATT KEYS

VICE-PRESIDENT AND

DIRECTOR OF SPONSORSHIP/MARKETING

Director of Finance

I would like to give a huge thank you to our Sponsors, Membership and to the Community who have made donations to the Club.

A special mention to Gail Rixom: thank you for being there every Sunday, especially rego day – you have worked tirelessly – and I'm truly grateful. Gail is the essence of Soldiers.

I would like to acknowledge the Club Bookkeeper, Emma Denniss, who worked with me over the past two years. The Club is transitioning from MYOB to Xero with the help and guidance of the Club's Auditors Liam Potter of Bishop Collins, thank you both.

To our Caretaker, another huge thank you for making my role so much easier, you're a gem. The maintenance of the Club is big, so much so the Council's arm was bent to cough up over \$500,000. Although I was part of opening the doors to Council, it was not for the constant work of our President Simon Falconer and Kelly, the Club would not have got this outcome.

The Club Maintenance had no program and with the lack of a budgeted program, the Club may have had to close its doors due to not conforming

to Workplace Health and Safety Act's, if had not been for the shear tenacity of Simon and his contacts saving the Club. I cannot thank him enough. Simon was also responsible for getting 100 litres of paint from Dulux, and cutting the Club's grass, he has saved this Club a huge amount of dollars.

Matt Keys, is now known as Mr Grants and Sponsorship; if it was not for your thinking outside of the square, the Club would not have the new equipment, thank you, it's been a pleasure working with you.

Again the Club Committee has worked tirelessly as a TEAM behind the scenes to ensure the Club Strategic and Financial Plan is implemented on budget and in surplus.

Without this support, the Club would not be in the financial position it now finds itself in. We now have \$65,000 in investments, plus cash reserve of \$12,767.43 and no debts.

AS OF THE 30/04/24 CASH IN BANK		The Club's budgeted surplus for this financial year was \$65,000.
Main account	\$7,523.43 budgeted expense	
100 Account	\$5,006.00 budgeted expenses	
Investment Account	\$65,016.60 Note: 12 months term at 5% = \$3,250.83 interest.	
Grant Account	\$16,037.40 budgeted expenses	I'm pleased to announce that the Club achieved net profit of \$67,461.05 for the financial year.
Cash Float	\$240.00	
Total Cash	\$93,823.43	
This year's budget surplus target	\$67,000	
Total unbudgeted Working cash	\$2,500	

Director of Finance

The Club has a long way to go – the objective is to have in investments of \$250,000 – and this can only be done by tight financial policies. The Club has put in measures so it cannot be put in the position that previous committees allowed it be put into.

The Club has a five financial plan that is cash flow positive.

- ◆ Year 1 all debts to be paid off., Achieved
- ◆ Year 2 have \$65,000 investment., Achieved
- ◆ Year 3 have \$100,000 investment., Budgeted
- ◆ Year 4 have \$150,000 investment., Achievable
- ◆ Year 5 have \$250,000 investment., Achievable, this will be were the Club will have financial stability.

The Club will be moving its accounts from the Greater to Bendigo Wyong over the next few months. This will be of financial benefit to the Club on several fronts, as the majority of banking is electronic, as cash accounts for 3% of all transactions.

The Club Executive developed a four plan from feedback from members and its new Auditors. This gets reviewed at the end of each year with its members.

- ◆ Years 1 & 2 – get back to surplus and pay off all debts.
- ◆ Year 1 & 2 – Building maintenance issues resolved (Simon saved the Club \$500,000 on this one).
- ◆ Year 1 & 2 – replace all patrol equipment (Matt Keys)
- ◆ Year 1 to 4 – Membership retention program and community engagement program. Financially support patrolling volunteers.

- ◆ Year 1 to 4 – Surf sports development both senior and nippers. Purchase new equipment and engage new coaches, more club officials.
- ◆ Year 1 to 4 – Build sponsorship investment – this needed to demonstrate the club's financial stability before the Club could get any approval for support. (Matt Keys \$200,000)
- ◆ Year 1 to 4 – Special projects e.g.:
 1. Club anniversary
 2. IRB re-enactment Sydney to the Gold Coast
 3. Burns Foundation, Community Engagement
 4. Club camps
 5. Leadership Development
 6. Development program, to build up coaches from within the Club
 7. IRB racing Development Team
 8. Indigenous outreach program
 9. All-inclusive program

I would like to acknowledge Brent Farnworth (DUNES) and Katie Keys (Kraken) both businesses have been great supporters of the Club all year round.

Nelson Mandela said, there is no passion to be found playing small and settling for a life that's less than the one you're capable of living.

The Executive worked hard as a cohesive team to accomplish financial stability. This has only be accomplished by the drive and enthusiasm lead by Simon Falconer. Yes, there has been frustrating times, but clubs always have had those; it's how you work together to keep the Community safe while swimming at our great beach.

TONY AXFORD
DIRECTOR OF FINANCE

Director of Administration

It has been an honour and a privilege to work with such a talented, dedicated and professional committee this past year and to be part of a hard-working, supportive and caring group of volunteers who all have a common goal: the growth and success of our club.

I would like to thank Sarah Maughan (Nippers administration), Gail Rixom (mail collection), Coral Raymond (membership) and Jacqui Godier (social media artwork & assisting with compiling this report) for all the work they have contributed this season to the Administration portfolio.

I had a steep learning curve when I took over the role but with the help and support of everyone on the committee I have been able to fulfil my role.

In particular, I would like to pay tribute to Tony Axford who always made time for my many questions and who always steered me in the right direction. To Matt Keys for the enormous task of writing and securing Grants – you are a champion. To Simon Falconer who has steered our ship – you are truly a mighty captain. I have watched our talented executive and committee members work tirelessly on multiple facets of the club – always striving to achieve the best for the members. I now have a newfound appreciation for all the work that goes on behind the scenes – congratulations to you for your hard work and dedication.

Several changes were made this past year to workflow systems and streamlining processes including membership, registrations, minutes, filing and circulating of information, in order to minimise the workload of this portfolio – it's an

ever-evolving area. We also made considerable changes to the website to bring it up to date and this is an ongoing project. I would like to thank Danielle Scott who graciously agreed to help us with the more complex website updates.

Another major change was the move to our new Facebook page. Due to various reasons, our old page was no longer viable, so the committee agreed, and we set up the new page. There has been a gradual increase of followers and whilst we are not yet at the same numbers of followers as the old page, we are increasing constantly. With complete access to the new page however, we are now able to promote far more information and events than ever before regarding our Club and Surf Life Saving in general.

Thank you to everyone who has contributed to the club over the last year – no matter how big or small – every contribution matters. In addition to the executive and committee, I would like to say a big thank you to the patrolling members, trainers, water safety, age managers, rookies and parents – you are what makes this club great. Go Soldiers!

ANNIE VANDERTOUW
DIRECTOR OF ADMINISTRATION

Director of Lifesaving

The 2023-2024 season has been a tough one for the members patrolling our beach, with our patrolling members contributing many hours to ensure the community members visiting our beach can do so safely and with the knowledge that our members are there to help should they need it.

Under our Lifesaving Agreement, each of our 5 patrols were rostered to complete in excess of 80 hours this season, with many contributing more due to absences for competition or illness, injury or the resignation of a number of members due to their own personal circumstances.

The 67 patrolling members who maintained the safety of our beach over the 2023-2024 season completed a mammoth 2,277 preventative actions and ensured the public's safety with 36 rescues and many more first aid and safety interventions.

The diligence and skill of our members to ensure the preventatives take place show the impact they are having on the beach, ensuring that the public are safe and limiting the serious

rescues members have had to perform. Ensuring the public remain between the flags, keeping surf craft out of the flags and speaking to the community regularly throughout patrols have all ensured that Soldiers Beach has remained a safe beach for the public to attend.

PATROL MEMBER RECOGNITION

This season has been a difficult season and has seen dramatic shifts in patrols due to a number of members being unable or unwilling to fulfil their required hours. Fortunately, Soldiers Beach is a strong and community minded club, and the amazing members pulled together to ensure our beaches had eyes on and were safe throughout the season.

Members completing in excess of 100 hours and/or 100% of allocated patrol hours:

FEMALE		MALE	
Shana Doughney 212hrs	Bradley Halichek 218hrs	Jackson Blackshaw 111hrs	
Jennifer Falconer 187hrs	Angus Halichek 172hrs	Neville Bunn 108hrs	
Lee Rogers 167hrs	Simon Falconer 155hrs	Simon Blakely 104hrs	
Emma Lamphee 147hrs	Matthew Griffiths 126hrs	Bryce Glanville 103hrs	
Emma Griffiths 114hrs	Sergei Mikhalchenko 125hrs	Memphis Newman 95hrs	
Rachel Sloane 107hrs	Matt Keys 119hrs	Colin Trigg 95.5hrs	
	Jackson Vandertouw 114hrs	Matthew White 99hrs	
	Anthony Plant 112hrs		

Director of Lifesaving

- ◆ Rachel Sloane

PATROL RESOURCES

Soldiers Beach patrols have been greatly assisted by the improved patrol resources funded by the club and through numerous grants secured by the Soldiers Beach executive this season. The addition of multiple new rescue boards, SSV, three IRBs, new First Aid equipment and the development of our new patrol trailer have seen our beach management improve significantly, while providing much needed improvements for our patrolling members.

The development of the patrol trailer has meant improved access to the beach, allowing for all required patrol gear to be safely and securely transported to the beach with ease, and ensuring effective and timely set up and pack up capacity.

EDUCATION AND UPSKILLING PATROL MEMBERS

The development and upskilling of patrolling members through awards run by the Education Team has resulted in improved lifesaving capabilities this season. With 5 new ART award holders, 9 IRB crew and the current training of 4 additional IRB Drivers, our patrols have improved their rescue ability and first aid presence on the beach.

IN CLOSING

With the treacherous nature of Soldiers Beach, our volunteer patrol members have done an exceptional job of maintaining safety and wellbeing on the beach. Despite the tremendous workload, the members of Soldiers Beach have banded together, proving that integrity and solidarity can uphold the community spirit intended within the Surf Lifesaving framework.

MATT GRIFFITHS
DIRECTOR OF LIFESAVING

Director of Education

The 2023-2024 season has seen an exceptional growth and success in the education opportunities and the training provided at Soldiers Beach, as well as the development of connections between Soldiers Beach and other clubs on the northern end of the Central Coast to establish a network of support for training and education needs.

The Soldiers Beach Education Team consisted of CTO Emma Griffiths, supported by Dennis William, Shana Doughney, Shawn Ford and was supported by developing trainers Matthew White, Matthew Griffiths and Simon Falconer. This team ensured the training schedules were maintained and the candidates applying for their award were successful.

At the commencement of the season, a training calendar was developed and training opportunities for the year were discussed in the initial Education meeting for the season. Members of the Education Team identified areas of need and areas for development, while ensuring that trainer availability was assured.

Training for the 2023-2024 season was developed around the needs of the club, and upskilling members within club through attainment of new awards or requalifying for their current awards. Developing the skills within the club was a significant focus and saw the implementation of scheduled requal days as opportunities to requal for the Surf Rescue Certificate or Bronze Medallion awards as a collective, ensuring members of the club were supported in the award requal, while also providing opportunity for members to ensure their skills were current and sound. These days were a success, with members applying their skillset to support one another through the requalification process. Members who were unable to attend were supported to complete their requal with their patrol captain while on patrol, and with the support of the other members within their patrol.

The Education Team also supported community education programs at Soldiers Beach this season, designing and implementing educational opportunities for community members and local agencies. The education team designed an educational program for the Burns Foundation Survivors Day, ensuring award members were on hand to support the learning

Director of Education

and safe surf engagement for the individuals in attendance. The Burns Foundation Survivors Day provided educational opportunities around first aid, surf awareness, surf engagement and surf navigation for the 50+ families and individuals in attendance at this event. The Education Team also supported the competitors taking part in the First Aid and Champion Lifesavers events at Branch, State and Australian Titles.

TRAINERS

The trainers for this season were a supportive and collegial team who collectively ensured the success of the education programs run through Soldiers Beach. The team worked cohesively to ensure the BM course married up to the IRB Crew course, ensuring those who were keen to engage in the IRB training were able to complete their BM and move directly onto the IRBC course, resulting in successes for these candidates and growth within the skillset of the club members.

In an effort to upskill the Soldiers Beach Training Team, Emma Griffiths successfully obtained her Assessors Award, and Shawn Ford engaged in the Assessors Course due for completion in 2024-2025 season. Obtaining

these awards has resulted in the development of strong connections with other trainers and assessors across the Central Coast as both Emma and Shawn engaged in the mentor program to develop their skills within these roles. Emma also completed her Mentors Award, successfully supporting members of other clubs to obtain their Trainers award.

TRAINING

The training schedule for Soldiers Beach throughout the 2023-2024 season included two Surf Rescue Certificate courses, two Bronze Medallion courses, an IRB Crew course, IRB drivers Course, Advanced Resuscitation course and the opportunity for members to attend Central Coast Branch funded First Aid, Silver Medallion Patrol Captain, and SMAR courses. Training this season at Soldiers Beach has supported the achievement of over 35 awards for our members.

The Surf Rescue Certificate and Bronze Medallion certificates ran parallel with one another to support the learning of the younger members moving through their SRC. The structure of these courses resulted in success for the members applying for these awards, and ensuring their skillset was soundly developed and established.

Director of Education

The SRC program ran in conjunction with the U14s Nipper program, ensuring all U 14 Nippers were qualified in their SRC award prior to the 31st December ensuring their eligibility to compete at carnivals. This structure was successful with the U14 members being supported through their nipper program, while also developing their capacity to patrol the beach and develop their skillset.

Training for the Advanced Resuscitation Techniques Award saw Soldiers Beach SLSC joining with The Lakes, North Entrance and Toowoon SLSCs to ensure over 20 candidates were able to achieve their ART awards, 5 of which were from Soldiers Beach SLSC.

ADDITIONAL TRAINING

The Education Team has supported the training of awards at Soldiers Beach this season, and has supported the engagement of our youth and masters in competition up to and including participation at Aussies.

The development of a masters and youth team who took part in both the Champion Lifesaver and First Aid competition was supported and trained by Education, and resulted in Soldiers Beach having the largest number of competitors

at the biggest Champion Lifesaver and First Aid carnivals the Central Coast branch has seen in many years.

Given the content and award knowledge these competitions require, trainers at Soldiers Beach were responsible for supporting the young people to develop their knowledge and understanding of the Public Safety and Aquatic Rescue documents, developing their understanding of rescue and patrol procedures, first aid treatments, spinal management, surf awareness and identification and people management to ensure participants in the Champion Lifesaver events were prepared. Training for this competition and the First Aid events involved developing understanding and capacity to respond to lifesaving first aid treatments ranging from cuts and abrasions to eviscerations and flail lung. Training for these events took place on a weekly basis over a three month period and resulted in the success of two teams attending The Aussies Titles in Queensland and placing 5th and 7th in Australia.

(For Accreditation see page 32. Results – see page 36)

EMMA GRIFFITHS
DIRECTOR OF EDUCATION

Director of Surf Sports

It has been a fantastic season with Soldiers being represented at many carnivals from traditional nipper carnivals, Branch, State and Aussies.

We had two amazing teams from our U15s represent Soldiers Beach at State in the First Aid Competition, for both teams to then place 2nd and 3rd and move on to represent at Aussies. We are proud to say we had a number of competitors earn medals this season across many of the carnivals also.

"Pointscore" is open for all SRC and Bronze Medallion members and proved to be popular this season with some cheeky competition amongst our youth and senior members. Pointscore provides a fun environment for members to come together and train as well as maintain their fitness for patrolling.

Members competed in the following events:

- ◆ SLSCC U12-Opens Carnival – Terrigal
- ◆ Terrigal Nipper Carnival October

- ◆ Terrigal Nipper Carnival January
- ◆ Branch Nipper Carnival
- ◆ Nutty Masters
- ◆ Masters Carnival Copacabana
- ◆ Branch Opens Carnival
- ◆ Branch Champion Lifesaver (This event was held at Soldiers beach this year and a huge success.)
- ◆ Branch First Aid Competition
- ◆ State Champion Lifesaver
- ◆ State First Aid Competition
- ◆ Aussies First Aid Competition

(For names and results: see page 36-37, Nippers page 47)

RACHEL SLOANE

DIRECTOR OF SURF SPORTS

IRB Captain

I would like to start with congratulating (Matthew Keys) with his ongoing push for sponsorship for the club as well as the sponsors that have come onboard.

This has seen Soldiers update a number of our IRBs with two new boats, which keeps our gear turning over and keeping the latest gear available for all lifesaving events.

We have a number of people gaining awards and some in the process of gaining awards, which will be put to use in the coming seasons on patrol and other lifesaving events. This will also help take some pressure off our current drivers and crews.

We are trying to get Soldiers Beach back into IRB racing with doing some training this year and hoping to really push this next season starting early 2025. If you are keen or would like to know more, feel free to ask any questions.

50 years ago was the introduction of IRBs: this year we are undertaking a reenactment of driving IRBs from Sydney Harbour to the Gold Coast. This is an epic journey and one that will be challenging on gear and body.

Hope to see you all back at Soldiers Beach next season.

SHAWN FORD
IRB CAPTAIN

Boat Report

This season has seen the club have 4 crews compete over the season. Under 19 mens (Red Cheeks), under 23 ladies (Noisey Minors) reserve women's (Senorita's) and masters men (9 Volters).

All crews competed in the Central Coast Hunter Surf Boat Series which was held over 8 rounds with the final held at Terrigal. Some pleasing results from all crews with Red Cheeks finishing 6th, Noisey Minors 3rd, Senorita's 4th and 9 Volters 2nd. The masters men also went down to the state championships at North Steyne and finished 4th in the final in some very testing conditions. Our 2 sweeps, Glen Coppen and myself, have put in countless hours training all crews, towing boats to and from carnivals as well as maintaining gear.

A big shout out to our boat captain, Glen Coppen for all the work that he has put in over

the season. Most of this work goes unnoticed, with the boats and gear always ready to go for training and carnivals. Also a special mention to Matt Neale for all the work he has done also repairing and looking after our gear.

To those boaties that will be leaving the club at seasons end, I personally wish you all the very best for the future. What you have all contributed to the club over the 20 plus years you have been associated with Soldiers cannot be understated and only the long serving members that remain can truly appreciate. The holes that will be left are near irreplaceable and to the club's lucky enough to gain you all as members, I am truly envious.

There were many highs this season with plenty of new rowers making their surf boat debut, some great results at the local and state carnivals, great comradery, plenty of laughs and heaps of fun and banter under the tent at carnivals.

MICK CROWE
BOAT SWEEP

Childsafe Co-ordinator

A warm greeting to all club members.

The 23-24 Season saw Soldiers Beach promote and endorse the Child Safety Program Policy and Procedures. I was asked by the Executive if I would take the standalone position, ie as not being on the Executive or Committee. I accepted. I have in excess of 20 years experience of working with young people and their families.

As a new position I am still finding my feet. We have made strides towards keeping all the young people, the Nippers, safe and happy at Soldiers.

I have spent time introducing myself to the members and families during the weekend contact.

I thank all Nipper parents for their support in our change room times, developed for the Nippers after their Sunday competition. I thank the members who have also supported our endeavours in this area as I know at times it was inconvenient. Thank you all.

I have been lucky to have a great professional team within the Soldiers ranks which has made my position easier to handle. Safety aspects for the young are dealt with by the JAC and the Director of Education, who manage and have most contact with the young members. I am kept informed of these aspects. Sleepovers, away

camp, other functions etc have been spoken about and examined, and will be managed in accordance with Child Safe Standards.

I am pleased to say that over the past Season I have watched the Nippers and Youth develop skills that will enhance their future life. They have competed, won medals, and best of all had fun. The encouragement of the young has been promoted by the Club in an atmosphere of acceptance, respect and team building. Abusive behaviour and/or Bullying was not and will not be tolerated. Soldiers SLSC has endeavoured to promote INCLUSION for all who want to be part of the Surf Life Saving movement.

I say well done, and thank you, members, parents, young helpers, executive, committee and most of all the PATROL members on a safe season at Soldiers.

Yours in safe surfing

JENNIFER FALCONER

Senior Presentation Night

NIPPERS

Director of Youth Development

In the 23-24 Surf Life Saving Season I have had the pleasure of overseeing our Nippers at Soldiers Beach Surf Life Saving Club.

As the Director of Junior Activities here at Soldiers Beach SLSC I would like to congratulate our nipper families on their community spirit and pride, in wearing the mighty green and white. The 22-23 nipper season has been one where our members and nipper parents have worked together to provide a positive, enlightening, effective and enjoyable environment for our nippers to learn life skills and make fond memories. This season we had the opportunity to develop and introduce a back-to-basics Nipper program. This was made possible through a dedicated group of club members. These members gave their time and experience and in return gained community admiration, friendship and the biggest reward of all the smiles on those little faces catching their first wave on a nipper board. Thank you to Central Coast Surf Life Saving for their support, and all our age managers, Susan, Tracey, Racheal, Matt k, Sam, Steve, Annie, Craig, Kevin, Summer, Evelien and Angus, Brad the 24-25 season is shaping up well and I am looking forward to meeting our Nippers again.

We appreciate the effort of all the community members that helped at Nippers on the BBQ, performed water safety, shot the weekly photograph, ensured sun safety. Thank you to those for being part of this team.

This year was my second session as the JAC and a lot of new age managers, our aim was to further advance the skills and confidence in the water. With a new look program, I feel that

we achieved this. Our Nipper days were jam packed with fun, education and surf skills (a lot of surf skills) for our 170 registered nippers.

The education unit included lessons in First Aid, Sun safety, Beach Dangers, looking after our environment, the aquatic environment and being surf smart. Our surf skill lessons included further advancement of the surf skills we started on last session, surf swimming, board awareness and skills and of course learning to help others in the aquatic environment.

To provide these broad lessons of a high standard we have been extremely grateful to have had some sponsors come on board. With the funds they have provided we have purchased 18 fiberglass nipper boards; Age managers awards and medals. I cannot thank our sponsors enough for assisting us to provide the lifelong skill of being surf smart, at such a vital learning age that our nippers are at. Our sponsors that help make this possible include Rotary, Beach in surf and Rampage work wear.

Our program has had a positive outcome on our nippers as we had over 20 nippers representing soldiers at the branch carnival. This was noted by a lot of clubs as soldiers have not had this many for quite a few years.

Plus watching the confidence when we competed in club championships, some of our nippers would not swim out in the first club

Director of Youth Development

championships but by our third all our nippers were competing in every event which made it very competitive.

This year for the first time we allowed the U6s and under U7s compete in the club championships this was a great success and very exciting to watch all our nippers compete

i would like to congratulate all of our place getters and our two nipper of the year recipients Keanu laurens and Racheal Falconer

I introduced a new award, it was the JAC award. This award I personally chose is for outstanding achievements being displayed from a nipper from soldier's beach.

This year award went to Jesse white and Gus Keys for a great display of maturity as they coordinated a rescue via radio with surf com

(surf lifesaving communication center). The boys identified great teamwork with Jesse keeping watch on the person needed to be rescued and relaying information to Gus, Gus displaying great radio etiquette to relay information to surf com.

I would like to thank all our water safety team and their dedication to the safety of our nippers in the water with them, and their professionalism we could not of achieved the results that we did.

Well done to all our winners in this session but also a huge congratulations to all our nippers for completing the nipper session and the skills you have picked up.

Youth Camp

The Soldiers Beach Youth Camp was held over a long weekend from the 31st May to the 2nd June 2024 at the Nymboida Campground

and it was a weekend of comradery, laughter and new and exciting challenges for the amazing youth members who attended.

Nine youth members and four chaperones spent a weekend camping at the Nymboida Campground, arriving on Friday night, setting up the campground, working together to organise dinner for everyone and enjoying dinner around the campfire. The youth enjoyed a night exploring the area and making the most of the space around the campfire, staying up late and sharing their stories while waiting for our late arrivals.

Saturday brought a day of new challenges on the water with the youth taking on the white-

water rapids of the Nymboida River in two-man canoes. The youth had an early start with a muster at 8am to prepare for the day. After learning the basics, loading the canoes and making the short drive to the river, the day started with a paddle session on flat slow-moving water. Once the youth mastered their new skill of paddling and turning their canoe, it was time to paddle toward the rapids. Each pair of paddlers took turns taking on a smaller rapid, with the fast-moving water proving too much for some and the first roll over of the day. There was a lot more fun and many more rollovers in the time that followed with each pair taking on different challenges at

Youth Camp

each rapid. After a short break for lunch as the rain set the group set off on the second half of the adventure. Each rapid got bigger, longer and faster until the ultimate rapid called Jasper Falls where each pair navigated the whitewater, survived the rocks, boulders and branches and successfully made their way down the rapid. One last long paddle to the finish line, 16km later and in a record time of 3 hours and 45mins, Soldiers Beach became the record holders for the fastest time to finish the course with the guides commenting on the water skills and the teamwork the youth showed.

Given our early arrival, while waiting for our lift out of the bush, each youth member took on the challenge of swimming the rapids, learning how to navigate the rocks and boulders to swim through new conditions combining the skills they have learned in the surf with the skills they learned in the rapids. When they grew weary of that challenge, the youth took on a single

person paddle through the rapids in the kayak. All members rose to the challenge to pack up our gear in the not so favourable weather before returning, unpacking and making our way back to the campsite to warm up in the showers. Unfortunately, nature had other plan and when we returned, the campground was flooded, with swags, tents and camp chairs all sitting a stream of water. As they do so well, the resilient youth got to work, packing their things to move up to one of the cabins where we were finally able to get warm in the steaming hot showers and enjoy a meal prepared by the youth themselves. The adventures of the day were talked about over dinner and the makeshift card games, with the youth celebrating their new skills and reliving the amazing day on the water.

All youth on the weekend away reported having a fantastic time and were already planning the 2025 Youth Camp on their way home. Special thanks to Matthew White and Simon Blakely for driving the youth to and from the camp, organising the food and for organising a great weekend away.

Soldiers Beach Surf Life Saving Club Incorporated
Committee members' report
30 April 2024

The committee members present their report, together with the financial statements, on the incorporated association for the year ended 30 April 2024.

Committee members

The following persons were committee members of the incorporated association during the whole of the financial year and up to the date of this report, unless otherwise stated:

Simon Falconer
Matt Keys
Anthony Axford
Matthew White
Emma Griffiths (Appointed July 2023)
Matthew Griffiths (Appointed July 2023)
Rachel Sloane (Appointed July 2023)
Annie Vandertouw (Appointed July 2023)
Brad Halicek (Resigned July 2023)
Dennis Ricketts (Resigned July 2023)
Darcy Waller (Resigned July 2023)
Shana Doughney (Resigned February 2024)

Principal activities

During the financial year the principal continuing activities of the incorporated association consisted of:

- Providing a safe beach and aquatic environment for our local community; and
- Providing beach and water safety education and training.

Operating Result

The surplus for the incorporated association for the year amounted to \$68,414 (2023: \$121,032).

Significant Changes

There were no significant changes in the nature of the activities during the financial year.

Events after the reporting period

The Club has been advised by Central Coast Council that construction and repair works are to commence on the leased Clubhouse from 1 July 2024. These works are anticipated to be completed by August 2024.

No matter of circumstance has arisen since 30 April 2024 that has significantly affected, or may significantly affect the incorporated association's operations, the results of those operations, or the incorporated association's state of affairs in future financial years.

On behalf of the committee members

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SOLDIERS BEACH SURF LIFE SAVING CLUB INC

Qualified Auditor's Opinion

We have audited the accompanying financial report of Soldiers Beach Surf Life Saving Club Inc ('the Association') which comprises the statement of financial position as at 30 April 2024, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the committee members' declaration.

In our opinion, except for the effects of the matter as described in the Basis for Qualified Auditor's Opinion paragraph, the financial report of Soldiers Beach Surf Life Saving Club Inc is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including:

- (i) giving a true and fair view of the Association's financial position as at 30 April 2024 and of its performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for Qualified Auditor's Opinion

As is common for not-for-profit organisations, it is not practical to establish and maintain an effective system of internal control over monies received and expended until their initial entry in the accounting records. As a result, the evidence supporting income and expenditure is limited to the extent that it had been received, recorded, banked and verified to supporting documentation.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Association in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

The financial report of Soldiers Beach Surf Life Saving Club Inc is a special purpose financial report that has been prepared in accordance with the accounting policies described in Note 2 to the financial report.

LIABILITY LIMITED BY A SCHEME APPROVED UNDER THE PROFESSIONAL STANDARDS LEGISLATION

Directors: Martin Le Marchant CA
Johan Van Der Westhuizen CA

Associate Directors: Cecille Capucac CA

Other Matter – Charitable Fundraising Act 1991

We also report that:

- (i) the financial statements show a true and fair view of the financial result of fundraising appeals conducted during the year;
- (ii) the accounting and associated records have been properly kept during the year in accordance with the Charitable Fundraising Act 1991 and the Regulations;
- (iii) money received as a result of fundraising appeals conducted during the year has been properly accounted for and applied in accordance with the Charitable Fundraising Act 1991 and the Regulations; and
- (iv) at the date of this report, there are reasonable grounds to believe that the consolidated entity will be able to pay its debts as and when they fall due.

Responsibilities of the Committee Members for the Financial Report

The committee members of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards to the extent described in Note 2 to the financial report and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the committee members determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee members.

- Conclude on the appropriateness of the committee members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the committee members with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Soldiers Beach Surf Life Saving Club Incorporated
Notes to the financial statements
30 April 2024

Note 1. General information

The financial statements cover Soldiers Beach Surf Life Saving Club Incorporated as an individual entity. The financial statements are presented in Australian dollars, which is Soldiers Beach Surf Life Saving Club Incorporated's functional and presentation currency.

Soldiers Beach Surf Life Saving Club Incorporated is a not-for-profit incorporated association, incorporated and domiciled in Australia. Its registered office and principal place of business are 101 Norah Head Drive, Norah Head NSW 2263.

A description of the nature of the incorporated association's operations and its principal activities are included in the committee members' report, which is not part of the financial statements.

The financial statements were authorised for issue on 16 June 2024.

Note 2. Material accounting policy information

The accounting policies that are material to the incorporated association are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The incorporated association has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of preparation

In the committee members' opinion, the incorporated association is not a reporting entity because there are no users dependent on general purpose financial statements.

These are special purpose financial statements that have been prepared for the purposes of complying with the Australian Charities and Not-for-profits Commission Act 2012, the Charitable Fundraising Act 1991, New South Wales legislation the Associations Incorporation Act 2009 and associated regulations. The committee members have determined that the accounting policies adopted are appropriate to meet the needs of the members of Soldiers Beach Surf Life Saving Club Incorporated.

These financial statements have been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the disclosure requirements of AASB 101 'Presentation of Financial Statements', AASB 107 'Statement of Cash Flows', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors', AASB 1048 'Interpretation of Standards' and AASB 1054 'Australian Additional Disclosures', as appropriate for not-for profit oriented entities.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the incorporated association's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

Note 2. Material accounting policy information (continued)

Revenue recognition

The incorporated association recognises revenue as follows:

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the incorporated association is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the incorporated association: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Grants (Reciprocal and Non-Reciprocal) and donations

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt. For reciprocal grants, revenue is recognised at the completion of the performance obligation attached to the funding.

Membership fees

Revenue from membership fees is recognised at the time of receipt.

Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Rent, recoveries and other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax

As the incorporated association is a charitable institution in terms of subsection 50-5 of the Income Tax Assessment Act 1997, as amended, it is exempt from paying income tax.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the incorporated association's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Soldiers Beach Surf Life Saving Club Incorporated
Notes to the financial statements
30 April 2024

Note 2. Material accounting policy information (continued)

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The incorporated association has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Inventories

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The Association undertook a review of all inventories in financial year 2024, with all items on hand at 30 April 2024 considered consumables.

Investments and other financial assets

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the incorporated association has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income include equity investments which the incorporated association intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

Impairment of financial assets

The incorporated association recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the incorporated association's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets mandatorily measured at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income with a corresponding expense through profit or loss. In all other cases, the loss allowance reduces the asset's carrying value with a corresponding expense through profit or loss.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Soldiers Beach Surf Life Saving Club Incorporated
Notes to the financial statements
30 April 2024

Note 2. Material accounting policy information (continued)

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Leasehold improvements	3-10 years
Plant and equipment	3-7 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the incorporated association. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the incorporated association expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of-use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The incorporated association has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Trade and other payables

These amounts represent liabilities for goods and services provided to the incorporated association prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incorporated association's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Note 2. Material accounting policy information (continued)

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Comparative figures

Where required comparative figures have been adjusted to conform with changes to presentation for the current financial year.

Note 3. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

Estimation of useful lives of assets

The incorporated association determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

Soldiers Beach Surf Life Saving Club Incorporated
Committee members' declaration
30 April 2024

In the committee members' opinion:

- the incorporated association is not a reporting entity because there are no users dependent on general purpose financial statements. Accordingly, as described in note 2 to the financial statements, the attached special purpose financial statements have been prepared for the purposes of complying with the Australian Charities and Not-for-profits Commission Act 2012, the Charitable Fundraising Act 1991, New South Wales legislation the Associations Incorporation Act 2009 and associated regulations;
- the attached financial statements and notes comply with the Accounting Standards as described in note 2 to the financial statements;
- the attached financial statements and notes give a true and fair view of the incorporated association's financial position as at 30 April 2024 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the incorporated association will be able to pay its debts as and when they become due and payable.

On behalf of the committee members

Simon Falconer
President

16 June 2024

Anthony Axford
Treasurer

Soldiers Beach Surf Life Saving Club Incorporated
